

## The Wellington Destructor Community Update Meeting

**Join CreateTO and Councillor Joe Cressy on October 18<sup>th</sup> for an update on the redevelopment of the Wellington Destructor.**

The Wellington Destructor is a landmark heritage building near Bathurst Street and Wellington Street West that was built in 1925 as a garbage incinerator and has sat vacant since the 1980s.

The Destructor site presents an opportunity for the adaptive reuse of an existing City-owned heritage building as a cultural and community hub, with employment and commercial uses to serve the growing community of residents, workers, and visitors around the site.

At the last community meeting held in 2017, City staff and former local Councillor Mike Layton shared information and sought feedback on potential future uses and a vision for the site. Since that time CreateTO has led a procurement process to seek and secure a Head Lessee for a long-term lease of the Wellington Destructor.

**We invite you to join us for a community update meeting to learn more about the work that has been done since 2017 and the next steps for this project.**
