Parkdale Hub – Phase 2 Community Meeting

The Parkdale Hub project, located at the intersection of Queen Street West and Cowan Avenue, is a transformational city-building initiative that will deliver wide-ranging social, cultural and economic benefits to the Parkdale community. The intersection is currently home to an important cluster of City-owned facilities and community services, all of which are in need of significant capital investment over the next 10 years.

During Phase 1 of the project in 2018 and 2019, CreateTO, in collaboration with the City of Toronto, engaged the local community to develop a preferred massing concept for the site.

Join us online or by phone on Thursday, May 27 for a Community Meeting about the Parkdale Hub. At the Community Meeting, CreateTO will share and seek feedback on a preliminary design concept for the Parkdale Hub, answer questions and provide more information on the next steps in the process.
